A Newsletter Dedicated to Bringing Information on Business Technology from "The Better Bank!" to you!

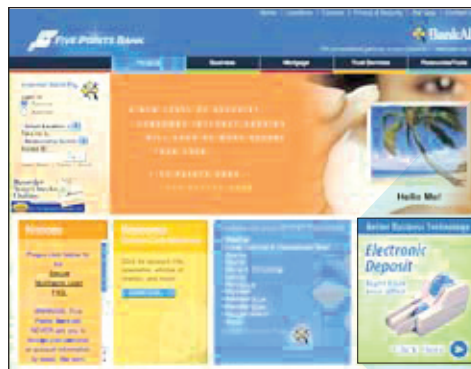

5 Pointers About Five Points

The goal of our "Better Business Banking Newsletter" is to give our commercial and agri-business customers the insight on technology and commercial products that will make banking better! Five Points Bank will give you up to date information on the latest technology and products available and help you determine what might be best for your business. We'll also guide you through the training and learning process, which is available through our "eLearning Center".

BankAll the Five Points Bank Website offers Business Banking with the help of the eLearning Center!

\$100 OFF

Offer good on any new scanner with Electronic Deposit set-up! Until 07/01/2011

Welcome to Electronic Deposit

Now you can deposit checks electronically from your desktop

Electronic Deposit utilizes a desktop scanner that connects to your PC and the Internet. With it, you can scan checks received from customers and make deposits electronically to Five Points Bank, anytime day or night. It's the fastest way to turn check deposits into cash. Sign up now to receive a \$100 discount voucher good for 6 months, to be applied to the purchase of "one" (only) scanner of your choice when you sign up for Electronic Deposit!

Consolidate funds from remote locations into one bank

Check deposits can easily be made from any remote office or storefront. This streamlines your cash flow by consolidating deposits from multiple locations into a single bank.

Make deposits anytime

Enjoy the convenience of making deposits electronically at your desk.

Save time preparing deposits

Preparing deposits electronically is very efficient, reducing labor costs and freeing up staff for other tasks.

Cut costly courier fees or trips to the bank

Electronic deposits can reduce trips to the bank or eliminate costly courier fees.

Reduce risk of check fraud

Faster check clearing allows you to react sooner on returned checks, significantly increasing your opportunities for collection.

More secure

Electronic Deposit features multiple layers of security including password protection, Internet firewalls, and 128-bit encryption, the highest level of security available.

Better Business Technology Saving Money and Time for your Business!

Try Electronic Deposit!

Electronic Deposit has emerged as one of the most attractive technologies enabled by advances in check electrification. Simply put, Electronic Deposit is a service that allows users to scan checks and transmit the images to a bank for clearing. By capturing the check earlier in the deposit process, commercial customers can realize considerable revenue increases and significantly reduce their costs. Businesses don't have to drive to the bank to make a deposit! Take a look at this new technology it's the future of banking!

Look for our quarterly Better Business Banking Newsletter!

In the next newsletter we'll explore "Mobile Banking" ...let us know if you would use this technology! We want to hear from you!

We'll also feature other important products to make your banking better!
